You know when he was trainer he had terrible average. He also got a bunch of positives for many trainers on Afrin. Seems he forgets that he was never a trainer, his brother is known rat. Yeah busted with Epogen and large amounts of cash and never served days! Personally I think Tony is a rat as well. He runs his mouth and has zero concern. Makes you wonder?

You know I heard he was a rat also. A lot of people stopped buying from him.

Here's reality. I was tortured so much by race Commision without a client ever getting a single positive other than stupid shit like Bute, given by another vet. I voluntarily gave up my license and then the veterinary board had me investigated for BS. They even accused Lisa of practicing veterinary medicine. I spent \$25,000 in legal fees and had a personal political favor called in to end the BS.
